

## 2024 Team Training Virtual Scholarship Opportunities

On a case-by-case basis, a donor or sponsor will provide funding in the form of Team Training registration scholarships and/or travel scholarships. These scholarships are specific to each individualized Team Training and may change from one training to another, depending on the sponsor's request. The information listed below is current and at this time, there are no other scholarships available other than below:

### **Team Training scholarships currently available:**

#### 1. Heartland Chapter Service Area (**Kansas, Western Missouri, Iowa and Nebraska**)

This scholarship opportunity was made possible through generous donations made in honor of Jane Ann Gorsky, former employee of the Parkinson's Foundation in the Heartland area who retired in 2019. Inspired by the Team Training's mission to improve the quality of care for people with Parkinson's and their families, this donation was specifically dedicated to creating a scholarship opportunity for healthcare professionals in the Heartland region.
